

The Navigating Care Portal Upgrade Health Records

The Health Records section within the NavigatingCare™ patient portal allows you to view all pertinent health information from vitals, test results, medications and more.

The **Health Records** section allows you to review your health information

Review your health information

The screenshot shows the 'Health Records' section of the NavigatingCare app. At the top, a banner says 'View your latest Test Results'. Below this is a navigation bar with icons for Home, Messages, Health Records (selected), Education, Calendar, Journal, and More. The main content area is titled 'Health Records' and contains a list of record types: Test Results, Vitals, Medications & Allergies, Health Documents, Clinical Notes, Health Concerns & Diagnoses, Assessments & Treatment Plans, Goals, Procedures & Immunizations, and Care Team & Patient Information. Each item has a right-pointing arrow. At the bottom of the list is a button labeled 'View, download, or share'.

Callouts provide the following information:

- View your latest Test Results**: Points to the top banner.
- Track the Vitals taken at your clinic visit on an easy-to-read table**: Points to the 'Vitals' item in the list.
- Medications now appear in chronological order for easy reading**: Points to the 'Medications & Allergies' item in the list.
- Click to view clinic reported Allergies**: Points to the 'Medications & Allergies' item in the list.
- Quickly locate documents relevant to your care**: Points to the 'Health Documents' item in the list.
- Review any Immunization records reported to your clinic**: Points to the 'Procedures & Immunizations' item in the list.
- Tap View, download, or share to view or securely share a PDF of your health records with healthcare providers and trusted friends and family**: Points to the 'View, download, or share' button at the bottom of the list.
